

GALLAGHERS
HOMES

April 2nd, 2009

To Whom It May Concern:

We have worked professionally and personally with Laurie McBain of Kaleidoscope Designs, for just over twenty years. Laurie exudes such incredible talent in design details on all accounts. From arts and crafts to traditional to a more contemporary feel, she can do it all. Laurie has a long history of working with tile and tile design and is probably one of the most gifted in the industry. Her evolution into interior design has proven to be a benefit to Gallaghers Homes and our customers as well. She encourages the customers to explore their own unique ideas in conjunction with offering her professional experience to create and achieve the ultimate end result. It has always been and will continue to be our pleasure in having Laurie on "the scene".

Kindest regards,

*Kelly Gallagher
