Dear Laurie,

It has been a pleasure working with you over the past year. Building a home can be an overwhelming task and you simplified it by making it manageable and fun. Your tireless efforts, patience and amazing creativity throughout the process was something that we appreciated greatly. Working with you has been a delight and your high level of commitment was exceptional. We always knew you be there in a heartbeat to solve any dilemma we encountered.

Your incredible talents are evident in all that you do. Your relationships with the trades are extremely valuable as you are able to converse with them in a firm and efficient way. You were able to answer the many questions incorporating technical knowledge and visualization for the completed project. You have the ability to notice what others overlook which is critical in building a home. Your love of design made picking out selections enjoyable, as you were able to bring out the best in what we envision for our home.

Laurie your talent, work ethic and energy is what makes you truly a partner in building a home from start to finish. We can't thank you enough and we would strongly recommend you to anyone that is looking to build or renovate.

Sincerely,
